To boarding Mrs. Wright 35 weeks at 6s		35,00
To boarding Dan Parker 7½ weeks at 6s		7,50
		250,50

To clothing furnished at the Town Farm, estimated at 24,00.

AUDITORS' REPORT.

The undersigned, Auditors of the Town of Hanover, for the year ending March 12, 1850, having attended to the duty assigned them, submit the following report.

The Selectmen and Overseers of the Poor credit the Town with sundry items received,	\$6870 90
They charge the Town with sundry items paid out,	6868 31
Leaving the balance in their hands,	2 59
They report as due to the Town on sundry notes on former tax bills, and on other notes,	504 38
And as due from the County for the support of sundry paupers, viz :	
Cash paid for County Paupers,	364 72
Boarding " " at the Farm,	211 25
Clothing furnished at the Farm,	15 33
Due to sundry individuals for support of County Paupers to March 12, '50,	230 00
Amount due from the County,	\$821 30
Making the amount due from the Selectmen and due to the Town,	1328 27

They report that the Town owes	
Russell Smith,	\$200 00
Polly Bridgman,	107 00
O. S. Ingalls,	200 00
Bank of Lebanon,	350 00
Anson Cobb,	151 23
Ulysses Dow,	118 00
E. C. Delano,	167 84
Interest on above,	14 00
For support of Co. Paupers,	230 00
Making the amount due from the Town,	1538 07
<hr/>	
Leaving a balance against the Town,	\$208 80

In the above amount of receipts, the Selectmen have included the sum of \$200, received from the estate of the late John Williams, and now loaned to Horace Wright.

Exclusive of this the debt of the Town is 408,80

It will be noticed, that the expenses of the Town have been unusually large, exceeding those of the year previous by more than \$1800. About \$440 of this excess is in the County Tax—\$650 in the expenses of Highways and Bridges—\$500 in debts paid and \$80 in the school account. In consequence of this excess, the Town, notwithstanding the heavy Tax of the last year, is brought into a debt of more than \$400. The Auditors would, therefore, recommend to the Town to raise a Tax of \$1200 for the liquidation of this debt, and for the current expenses of the ensuing year.

The amount received by the Overseers of the Poor, on account of the Town Farm, and of the Paupers, (exclusive of 690 00 received of the County for the support of Paupers, to April 11, '49, and of the Williams Fund of \$200, abovementioned,) is 798 22

Amount due from the County for the support of Paupers, from April 11, '49, to March 12, 1850, as above,	821 30
Received from the County for boarding Paupers at the Town Farm, from March 13, to April 11, 1849,	15 00
Excess of the Inventory of the property on the Town Farm, taken Feb. 25, 1850 above that taken Feb. 24, 1849,	349 52
 Total of <i>receipts</i> on account of Town Paupers,	 1984 04
 The amount paid out by said Overseers, (exclusive of former debts,) on the same account,	 1277 86
Note due E. C. Delano for services on the Town Farm, the past year,	167 84
Amount due from the Town to sundry individuals for the support of County Paupers to March 12, 1850,	230 00
Total of expenditures on same account,	1675 70

Balance in favor of the Town, 308 34

It will be noticed, that the net income of the Farm is unusually large, while the year previous it was unusually small. Several circumstances contribute to render the *apparent* income very different for different years. We shall probably arrive at the safest conclusion, respecting the profitableness of the Farm, by taking the average result of several years.

The amount received, from March 1845 to March 1850 on account of the Farm and Paupers, including \$821,30 now due from the County and excluding the Williams Fund of \$200, is 6619,38
 The Inventory of property on the Farm, exclusive of stone walls, &c., taken Feb. 25, 1850, exceeds that of March 4, 1845, 670,02
 The improvements indicated in the several intervening Inventories are—223 rods of wall valued at \$179; 90 rods of aqueduct with

well and fixtures, estimated at \$83 ; and al- tering the old cider mill into a barn, \$50	312,00
Am't of receipts and improvements	7601,40
The amount paid out during the same peri- od, excluding the <i>former</i> debts of 1845, and including the debt of 548,07 now due from the Farm to A. N. Cobb, to E. C. Delano and to the Town, is	7123,27
Nett gain for five years .	478,13

This gives an average gain of \$95,72 per year.

The average of the results reported by the Auditors for the 4 past years is \$97,62.

This added to the annual expense of supporting the *Town Paupers*, which for the last year was estimated at about \$500, (viz. paid out 229,12 ; board-
ing 250,50 ; clothing 24,00, making 503,62,) makes the full nett income of the Farm for the five past years not far from Six Hundred dollars per year.

The Auditors have found the foregoing accounts of the Selectmen well vouched and correctly cast.

H. H. CHANDLER, }
IRA YOUNG, } *Auditors.*

REPORT
OF THE
SUPERINTENDING SCHOOL COMMITTEE
OF HANOVER.

The Superintending School Committee having attended to the duties, by law assigned them, respectfully present the following report :

The Committee would invite the attention of the citizens of the town to the wants of their schools. A good school implies the existence of *good school houses, good teachers and good books*. The school house ought to be sufficiently large to give each pupil a suitable quantity of pure air. Separate closets should be furnished for the clothes of each sex. A suitable play-ground and appropriate out buildings are as important to the well-being of a school as a good school room. The house should be well-warmed and well-ventilated. The location should be dry, quiet, pleasant and remote from the streets and centres of business. The desks should, if possible, be made *separate* for each pupil. In no instance should one desk contain more than two. The seats of the scholars should all be in front of the teacher's desk. The interior of a school house should be kept as neat and free from stains, scratches, mud and snow as any room in a dwelling house. Many of our school houses are *cut* and *hacked* by knives of idle and mischievous boys. Some of them are so open and cold that pupils cannot be comfortable, in their seats, in winter. Most of them stand upon a line of the highway and have no play-ground, but in the street. The influence of such a location is always manifest upon the *morals and manners* of the scholars. The defects of many of our school houses are evident to every man who enters them or passes by them. They need no comment.

The Committee are happy to report, in general, an improvement in the schools during the past year. In many of the schools the discipline and instruction have been of a high order. In others there was a manifest want of energy and thoroughness in the teachers. The practice of allowing teachers to enter upon their duties without the legal certificate of their qualifications, from the examining Committee, cannot be too carefully guarded against. In some instances, the Prudential Committees have given the Superintending Committee no notice of the commencement or close of their schools and thus the laws have not been

complied with, either with regard to the examination of the schools or their teachers.

There exists an undesirable diversity of school books in town, particularly in reading books. "Porter's Rhetorical Reader" has been so long in our schools, that the good of the pupils seems to require a change. Several schools have already purchased Russell's American Reader and Swan's Series of Readers. To prevent the multiplication of such books, the Committee recommend that the new purchases be confined to these two authors. The same remark may be made concerning Wells's and Sanborn's Grammars, Adams's, Greenleaf's and Colburn's Arithmetics. As these books are, already, in use, let others for the present be excluded.

The Committee would recommend the introduction of *writing* more generally into our schools. In the small schools the teachers have abundant time for it, and in the large schools, it may be a question whether it may not profitably occupy some time during the week. The older pupils may be employed very usefully, a part of the time, either in writing down their own thoughts, in the form of letters and compositions, or in copying all kinds of business instruments, such as *Deeds, Wills, Bonds, Leases, Notes, Orders, &c.* into manuscripts, made for that purpose. They may thus become acquainted with the right methods of doing business ; and, at the same time improve their chirography.

Vocal music may also be very profitably introduced where the instructors are competent to teach it.

The Committee are of opinion that greater attention should be given to the *manners* of the pupils. The season of childhood is the proper season for the forming of a graceful and easy deportment. If children are required to notice their teacher, on entering and leaving the school-room, to *rise* when strangers visit the school, and to be very careful to show respect to strangers in the streets, such discipline will contribute greatly to the good order of the school, and to the reputation of the scholars.

The law of the State requires a return to be made to the Secretary of State of all scholars attending school in town "of not less than four years of age," in order to secure a share of the Literary Fund. The Prudential Committees are therefore requested to report, *immediately*, to the Superintending Committee the number of scholars in their respective schools.

DISTRICT NO. 1.

First Division, in the Spring, taught by Miss ALICE C. COMINGS ; whole No. of pupils 72 ; average No. 38 ; instruction faithful and accurate ; scholars very inconstant in their attendance and not ambitious to excel in study.

Second Division taught by Miss MARY L. PERRY ; whole number of pupils 56 ; instruction good ; discipline judicious ; improvement generally satisfactory.

School in the Autumn. First Division taught by Miss HELEN M. MORSE ; whole No. of pupils 43 ; average No. 37 ; proficiency respectable ; pupils somewhat restless and impatient of control.

Second Division taught by Miss MARIA S. PERRY ; whole No. of pupils 45 ; average No. 39 ; the school appeared to be well taught and well classed ; scholars all quite young and, of course, not very studious.

Winter School. First Division taught by Mr. CHARLES HITCHCOCK ; whole No. of pupils 82 ; average No. 59 ; school unusually punctual, though still somewhat irregular in attendance ; order good ; instruction thorough and accurate ; proficiency of the scholars very manifest ; several of the higher branches of study successfully taught ; school much improved and elevated.

Second Division taught by Miss MARIA S. PERRY ; whole No. of pupils 50 ; average No. 48 ; school punctual, prompt and orderly ; progress undoubted ; instruction accurate but somewhat formal ; sounds of letters, abbreviations, &c. thoroughly committed.

DISTRICT NO. 2.

Summer school taught by Miss M. F. PEARSONS ; teacher not examined ; general appearance of the school respectable ; improvement fair ; 20 pupils.

Winter school taught by Miss ANN W. SMITH ; 23 pupils present ; attendance regular ; order good ; manners commendable ; improvement clearly manifest.

DISTRICT NO. 3.

Summer school taught by Miss SUSAN SARGENT ; 15 pupils ; order good ; progress evident ; a fair degree of interest awakened in the scholars.

Winter school taught by Miss ANN CURRIER ; 21 pupils ; school dismissed prematurely and not visited at its close ; order imperfect ; discipline deficient.

DISTRICT NO. 4.

Summer school taught by Miss LYDIA P. OWEN ; 20 pupils ; school highly successful ; whispering suppressed ; order excellent.

Winter school taught by FRANKLIN EATON ; 27 pupils ; instruction patient and correct ; reading good ; scholars ready to answer and well-informed ; some whispering observed ; pupils frequently interrupting the teacher, *with questions*, which would be better answered in the classes.

DISTRICT NO. 5.

Summer school taught by Miss EUNICE MILLER ; 45 pupils ; discipline and instruction of a high order ; progress good till the school was interrupted by the illness of the teacher.

Winter school First Division, taught by CHARLES F. REMICK ; 44 pupils ; the teacher appeared to be well qualified to instruct a *common* school ; but his usefulness was greatly abridged by the conduct of pupils who preferred *amusement to learning*. The *well-disposed* made progress.

Second Division taught by Miss ELLEN DOW, who seemed to possess many good qualifications for teaching, but in the present instance, was not very successful in securing the attention and awakening the interest of her pupils. No. of scholars 18.

DISTRICT NO. 6.

Summer school taught by Miss MARIA ELDREDGE ; 12 pupils present ; school house very old and almost untenantable ; school appeared well, manifesting a good degree of interest in their studies.

Winter school taught by Miss LAURA ELDREDGE ; 20 pupils present ; the teacher was prompt, active and successful in gaining the good will of her pupils ; Arithmetic and Geography well taught ; progress in other branches commendable ; some whispering observed ; two or three *aged* scholars *sat and reclined*, while reading.

DISTRICT NO. 7.

Summer school taught by Miss HARRIET M. AMES ; teacher not examined ; instruction good ; progress evident. Whole No. of scholars 22.

Winter school taught by Mr. BENJAMIN REYNOLDS ; 35 pupils, who appeared attentive and intelligent ; teacher

prompt, earnest and faithful ; Arithmetic and Spelling received particular attention. A record of mistakes in spelling was kept during the whole term of the school ; average No. of errors for each pupil was 26 ; the best spellers were two young ladies, who missed but two words each, in 12 weeks ; general improvement of the school very manifest ; some whispering observed.

DISTRICT NO. 8.

Summer school taught by Miss ELLEN DOW ; 14 pupils ; progress respectable ; instruction, generally, satisfactory.

Winter school taught by Miss LYDIA CHANDLER ; 21 pupils ; order excellent ; whispering suppressed ; pupils respectful and well-mannered ; answers prompt and intelligent ; *punctuation, Roman notation, the abbreviations, the sounds of the letters* and *SPELLING* thoroughly studied. No school in town appeared better ; school house inconvenient and *uncomfortable*.

DISTRICT NO. 9.

Summer school taught by Miss ELIZABETH MILLER ; 14 pupils present ; teacher not examined, young, inexperienced and deficient in energy ; little interest was excited and little progress made.

Winter school taught by Miss LORA T. KINGSBURY ; 13 pupils present ; teacher (not examined,) intelligent and faithful, but needing some more acquaintance with the *art of teaching* ; order good and progress in study very respectable.

DISTRICT NO. 10.

Summer school taught by Miss EMELINE E. INGALLS ; 13 pupils present ; school well taught ; order good ; discipline thorough.

Winter school taught by Miss MARY L. GILBERT ; 17 pupils ; scholars tolerably ready in answers, though not sufficiently animated ; teacher intelligent, but rather too gentle in government ; whispering frequent.

DISTRICT NO. 11.

Summer school taught by Miss EMELINE D. TENNEY ; 9 pupils ; only 6 present ; school appeared very well so far as could be judged from so few scholars.

DISTRICT NO. 12.

Summer school taught by Miss AUGUSTA C. MAY ; 16 pupils ; teacher young and inexperienced ; progress of the school not very marked ; discipline good.

Winter school taught by Mr. JONATHAN EASTMAN ; 20 pupils ; instruction accurate and thorough ; scholars well informed and ready in their answers ; order good.

DISTRICT NO. 13.

Summer school taught by Miss ANN W. SMITH ; school quiet and orderly ; pupils appeared to good advantage ; singing was taught with favorable results ; 15 pupils.

Winter school taught by Miss EMELINE E. INGALLS ; teacher well qualified and vigilant ; order excellent ; whispering suppressed ; English Grammar well taught ; several of the higher branches successfully pursued ; 31 pupils.

DISTRICT NO. 14.

Winter school taught by Miss ADELINA SMITH ; only 6 pupils ; well taught and well advanced in their studies.

DISTRICT NO. 15.

Summer school taught by Miss AMANDA SIMMONS ; 12 pupils ; teacher not examined ; scholars respectful in manners and orderly ; the instruction was deficient in thoroughness and accuracy.

Winter school taught by Miss LYDIA P. SOUTHARD ; 15 pupils ; teacher not examined ; school successful and the results of her labors satisfactory.

DISTRICT NO. 16.

School taught by Miss LOUISA MERRILL ; teacher not examined ; 14 pupils ; order good ; progress fair ; pupils not far advanced.

DISTRICT NO. 17.

Summer school taught by Miss ADA TENNEY ; 6 pupils present, all quite young ; of course, their exhibition afforded but little opportunity to judge of the merits of the school ; they appeared to be well taught.

Winter school taught by Mr. ELIJAH M. TOPLIFF ; 21 pupils present ; Arithmetic and Geography pretty well understood ; some minor branches too much neglected by the older scholars ; reading somewhat *monotonous* ; general order commendable.

E. D. SANBORN,
F. L. OWEN.
